

A Letter From the President

Dear Prospective Member,

Being an active member of the Student Dietetic Association (SDA) will be a great part of your college experience. SDA is a student organization under the Academy of Nutrition and Dietetics (AND) focused on building professionalism, volunteerism, and leadership in Nutrition students. SDA provides great opportunities to meet other MSU Nutrition students including the Welcome Back Dinner, the College of Agriculture and Life Science (CALs) Breakfast, and the Holiday Celebration. Each General Body meeting includes a light supper (covered by the \$30 membership dues) and a guest speaker who works in one of the various fields of Nutrition. Membership dues also cover an SDA T-shirt!

I look forward to meeting you!

Hail State,

Haley Wheeler, SDA President
